Subject: Investing in Canada Infrastructure Program Public Transit Stream - Project Approval in Principle

Dear Mr. Iannicca:

It is my pleasure to inform you of federal approval for one project submitted by your municipality under the Public Transit stream of the Investing in Canada Infrastructure Program (ICIP). Below you will find a List of Approved Projects that includes details about the project, approved funding contribution amounts and applicable project requirements/conditions.

Eligible expenses for project may be incurred on or after the Federal Approval Date noted in Column E of the List of Approved Projects below. Funding is also subject to the terms and conditions of an executed Transfer Payment Agreement between the Regional Municipality of Peel and the Province of Ontario. A Transfer Payment Agreement for approved funding will be prepared and released once federal determinations have been made on all submitted projects.

In advance of the Transfer Payment Agreement being executed, we wanted to highlight the following specific term under the agreement related to communications of projects:

G.4.2 Prior Knowledge and Agreement. Joint Communications in respect of any Project should not occur without the prior knowledge and agreement of the Parties and Canada.

As per the term of the Transfer Payment Agreement, and to ensure coordinated communication in respect of any projects, the Province of Ontario requests that any proposed communication of the project be sent to ICIPTRANSIT@ontario.ca at least 15 days in advance of the proposed communication date. Until formal communication

decisions have been made, any discussion on projects, including approval of funding, with municipal council should also be held in-camera where possible.

If a project is not indicated below, or you have not received prior notification of approval, it is still under review. We will advise you of updates to the approval status as they become available.

I would like to congratulate you on this important milestone and look forward to working with you as you move forward with your project to increase transit infrastructure.

Should you have questions, please contact the MTO ICIP team at ICIPTRANSIT@ontario.ca.

Sincerely,

List of Approved Projects

The projects listed below have been approved for federal funding under the Investing in Canada Infrastructure Program. For projects with federal environmental assessment requirements (Column F below) or Aboriginal consultation requirements (Column G), Infrastructure Canada will issue a letter with conditions that must be met before construction (which includes site preparation and vegetation removal) starts and before payments for eligible capital costs can be made. For projects with other federal requirement (Column J below), conditions must be met in advance of the Province issuing a Transfer Payment Agreement.

Project ID	Project Title	Federal Contribution	Provincial Contribution	Project Approval Date	Environmental Assessment Requirements	Aboriginal Consultation Requirements	Climate Lens Requirements		Other Federal Requirements
