Subject: STOP Highway 413

To Whom It May Concern,

My name is Leovee Reyes and my family and I reside in the Meadowvale Village area. I am emailing you today to personally let you know that myself along with many other people in my area are opposed to Highway 413.

This highway will not only impact the environment as it will destroy rivers, acres of the Greenbelt, increase greenhouse gas emissions and will just do more harm than good while only saving drivers less than a minute on their commute. This will cost us, as taxpayers, \$6 to \$10 billion to build while this money can go towards other things such as healthcare, education, etc.

I urge the council to oppose Highway 413 and support a full Federal Environmental Assessment before any work is done so that we are aware of what impact building this highway will have.

I'm hoping that this email will be taken into serious consideration and please feel free to reach out to me if needed.

Thank you,

Leovee Reyes
