To members of Brampton Council

I live in Wards 7/8 in the City of Brampton, in the Region of Peel.

I personally strongly oppose the construction of Hwy 413 because I feel it will impact the environment; e.g. it will cross rivers and water courses 85 times, it will destroy 400 acres of the Greenbelt, lead to more urban sprawl, increase greenhouse gas emissions when Peel Region has declared a Climate Emergency, harm our health with more air pollution, and cost provincial taxpayers \$6 billion

I strongly urge to Oppose Highway 413, and Support a full Federal Environmental Assessment, so that no works can begin until we know all the facts about what impact building this highway will have.

Ivor Pinto
