Subject: Oppose the 413

Hello all, as a resident of Peel, and Caledon in particular, I strongly urge you to oppose this proposed highway.

Once our precious fertile lands are changed, there is no coming back. IF there is one thing this past year has taught us, is that we want to know who are supply chains are for food, and we want them to be local as much as possible. We need to keep our farms alive in Peel.

The 407 is so under-utilized now, if incentives were given to use it, to take the traffic away from the 401, which seems to be the big issue, that would be far cheaper for all, and far healthier for our land from an environmental point of view.

Sincerely

Kathi Jablonski
