Subject: Highway 413

CAUTION: EXTERNAL MAIL. DO NOT CLICK ON LINKS OR OPEN ATTACHMENTS YOU DO NOT TRUST.

To all Region of Peel Councillors,

I am a retired homeowner who has lived in Mississauga since 1981. My husband and I raised our two children here and have lived through exponential growth of urban sprawl. One of our favourite family outings was a trip north on Creditview Rd. through the countryside to Forks of the Credit Provincial Park. Over the years we saw many large parcels of agricultural land sold to developers for housing subdivisions. It is time to rethink encouraging such rampant urban sprawl through building a new highway.

Please vote to oppose Highway 413 until there has been a full Federal Environmental Assessment. We need to know what environmental impact this highway will have before any construction begins.

Thank you for considering my request.

Yours truly,

Carol Elfstrom
