**Subject:** 413

Good day

As a parents and long time resident of Peel I vehemently oppose any support of the 413.

I am appalled that the Provincial government is even considering the possibility of highway expansion. This totally disregard any environmental protection policies and is a blatant attack on our environment and our democratic values.

The greenbelt is a valuable and fought for resource which must be protected as well as expanded without any possibility of development.

Please protest the shortsighted idea of the 413 highway knowing that it is a ridiculous and greedy idea with no consideration of our environment or citizens. A Federal Environmental Assessment is a wise response to the proposal.

In frustration

Nancy Simpson
