Ward Councillor: George Carlson  
Mayor: Bonnie Crombie

Participant: Shane Wirahardja  
[REDACTED]

Hi, my name is Shane Wirahardja I am a local resident of the peel region I live in the city of Mississauga Ward 11. I am very opposed to the construction of Highway 413 because it will cross rivers and water courses 85 times, it will destroy 400 acres of the Greenbelt. These unique environments I hold dear, I want to share this beautiful ecosystem with my kids, and the future generations that choose to live in this country. The Peel Region has declared a Climate Emergency, these actions will affect our health with more air pollution lead to more urban sprawl and increase greenhouse gas emissions. The cost incurred by going ahead with construction of highway 413 add up to billions of dollars which I believe could be instead used more efficient way elsewhere.

I urge the council to oppose Highway 413, and I fully support a full federal Environmental Assessment so that no works can begin until we know all the facts about what impact building this highway will have, on our lives, mental health, and local ecosystems.

Thank you have a good day
