Hello,

My name is Maja and I am an extremely concerned [REDACTED] citizen from Mississauga and Caledon Ontario. I am currently attending [REDACTED] studying Hospitality and Tourism Management, and minoring in Environment and Urban Sustainability. I care deeply for the environment.

The proposed highway 413, will completely harm the surrounding ecosystems, and will also impact many individuals. I personally oppose Highway 413 because of the damage that this will cause to the environment, and it will completely change our region for the worse. We should be working together to decrease greenhouse gas emissions on a large scale instead of increasing them.

Please think of future generations and the importance of creating a sustainable future for all.

Sincerely,

Maja
