Hello,

My name is Hussam Taha and I live in postal code [REDACTED] I am a parent and medical practitioner. I am also a long-distance cycling and I see how deficient our cities in making cycling a safe commute.

I think we need to encourage public transport and that's why my opposition to the 413 major highway, because all it would do is increase cars on the road along with destructions of wetlands and other natural spaces the highway will go over. It will cross rivers and water courses 85 times, it will destroy 400 acres of the Greenbelt, lead to more urban sprawl, increase greenhouse gas emissions when Peel Region has declared a Climate Emergency, harm our health with more air pollution, and cost provincial taxpayers \$6 billion.

Please end this project and allocate the money to building a green future. Thank you

Hussam Taha, CCFP
