

Peel2041+

Regional Official Plan
**Agricultural and Rural Systems
Policy Directions and Mapping**

Planning and Growth Management Committee, April 29, 2021

Don Campbell, Principal Planner

Regional Planning and Growth Management

Agricultural and Rural Systems

The **Rural System** encompasses lands outside the Region's Urban Boundary. It has the following components:

- Rural Settlement Areas;
- Prime Agricultural Areas;
- Rural Lands; and
- the Palgrave Estate Residential Community.

The Rural System contains water resources, natural heritage features, recreational resources and mineral aggregates.

Agricultural and Rural Systems

The **Agricultural System** is made up of interconnected elements that together create a viable, thriving agricultural sector. It consists of:

- The **agricultural land base** comprised of Prime Agricultural Areas and Rural Lands linking Prime Agricultural Areas; and
- The complementary **agri-food network** of infrastructure, services and other businesses important to the viability of the agri-food sector.

The Policy Context

Rural Peel

Rural Peel contributes to Peel's economy, environmental health and quality of life.

Agriculture continues to be important:

- 34,000 hectares farmed in 2016
- gross farm income from agriculture - \$94M

Urban pressures create significant challenges and opportunities.

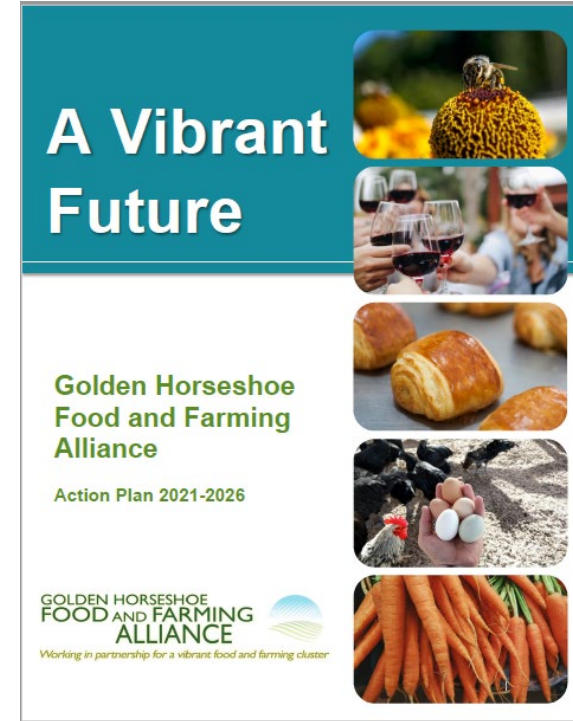

Source: Statistics Canada, Census of Agriculture 2006 - 2016.

Peel Region Support for Agriculture

- Golden Horseshoe Food and Farming Alliance
- Peel Agricultural Advisory Working Group
- Peel Rural Water Quality Protection Program
- Grown in Peel
- Peel Food Action Council

Provincial Policy Requires Agricultural System Approach

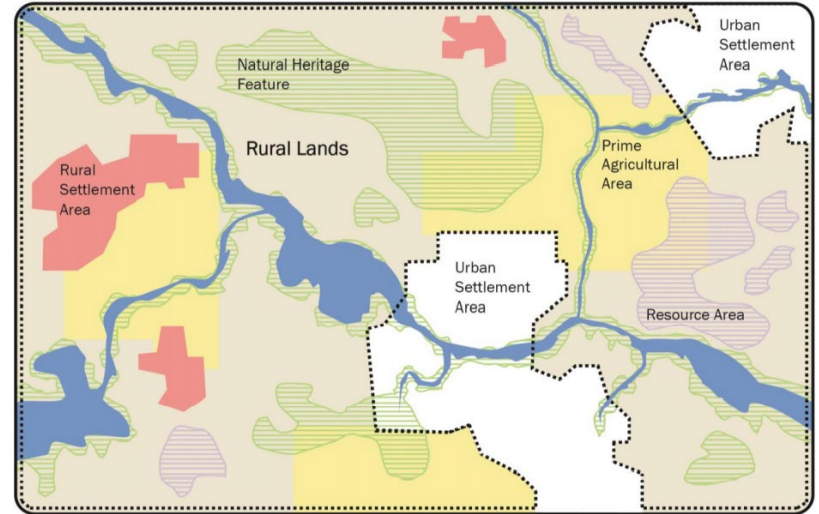

- Provincial mapping of Prime Agricultural Areas
- Protecting Prime Agricultural Areas for agricultural use
- Protecting farmers' ability to farm, avoiding land use conflicts
- Enhancing opportunities for agriculture-related uses and on-farm diversified uses
- Agricultural impact assessments

Provincial Policy for Rural Systems Integrates Conservation, Agriculture and Rural Development

- Supports healthy, viable integrated rural areas
- Rural settlements shall be the focus for development
- Rural lands defined as lands outside prime agricultural areas and settlement areas
- Using infrastructure and public service facilities efficiently
- Development appropriate to the infrastructure which is planned or available

Peel 2041+ Updating Regional Policy

- Ensure conformity with Provincial policy
- Refine Provincial Prime Agricultural Area mapping
- Utilize Regional/local studies on specific topics
- Discussion papers, draft policies and mapping
 - Agricultural policy
 - Agricultural mapping

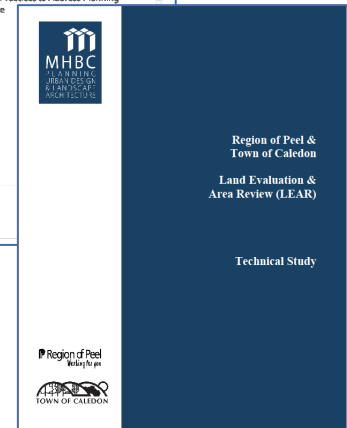

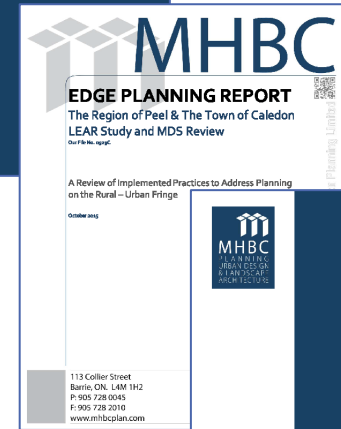

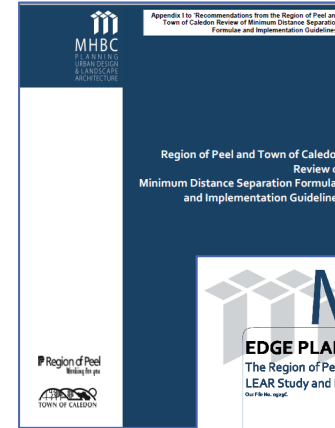

Background Studies

In collaboration with the Town of Caledon

- Land Evaluation and Area Review (LEAR) study
- Minimum Distance Separation (MDS)
- Edge Planning For Agriculture

In collaboration with Regional Public Health

- Peel Food Charter
- Urban Agriculture

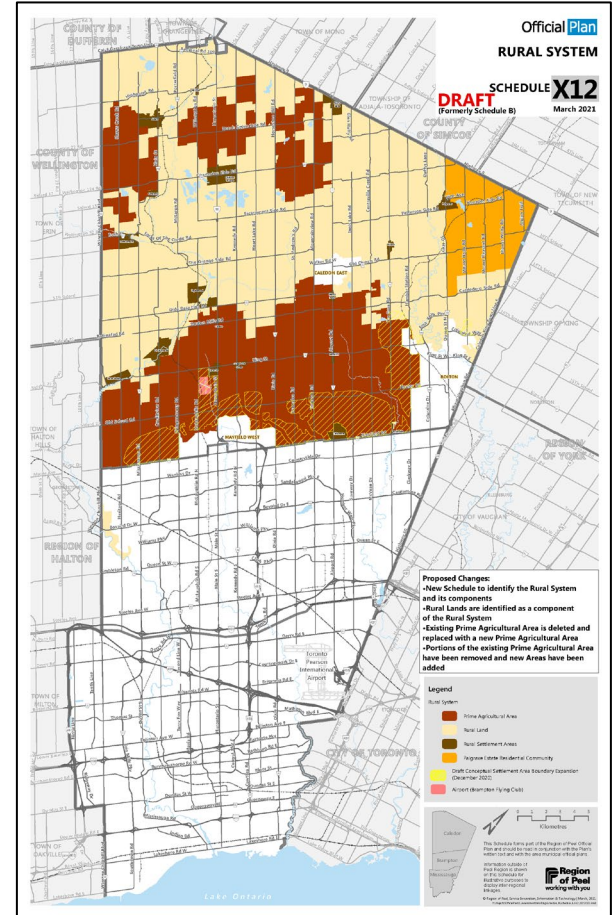

Proposed New Mapping Rural System

- Propose a new Schedule designating the Rural System and its components:
 - Prime Agricultural Area;
 - Rural Lands;
 - Rural Settlement Areas reflecting up-to-date mapping refinements* ; and
 - the Palgrave Estate Residential Community

*Note: Specific Rural Settlement Area expansion requests are being evaluated through the Settlement Area Boundary Expansion component of the MCR.

Proposed Policies Agricultural System

- Incorporate an Agricultural System approach to support agriculture
- Protect Prime Agricultural Areas for agricultural use
- Provide greater flexibility and permissions for agricultural, agriculture-related and on-farm diversified uses
- Support urban agriculture and local food
- Promote initiatives to enhance the Agricultural System.

Proposed Policies

Rural System

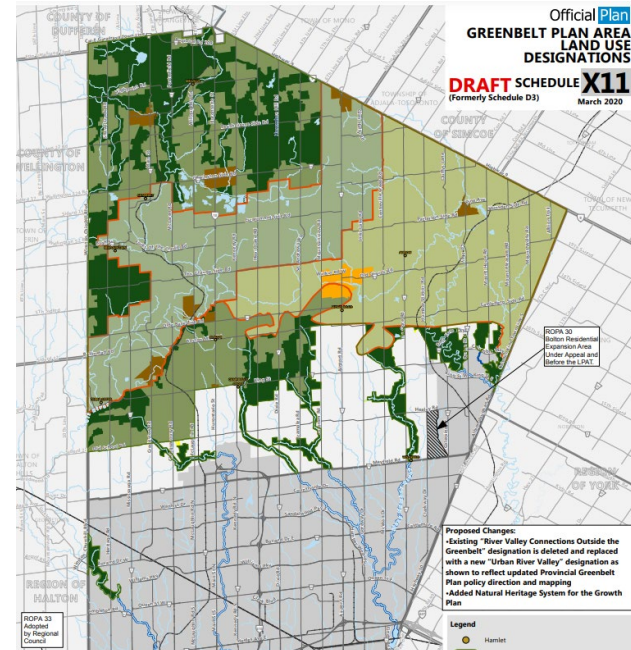

- The Rural Service Centres (Bolton, Caledon East and Mayfield West) become part of the Urban System
- Encourages planning for healthy communities and economic development compatible with rural character and the natural environment
- Development directed to Rural Settlement Areas
- Permits Rural Settlement Area expansions only at the time of Municipal Comprehensive Review
- Designates Rural Lands and identifies permitted uses – including cemeteries
- Provides direction to be considered in reviewing development, including servicing
- Supports and enhances the Agricultural System

Proposed Regional Policies

The Provincial Planning Context

- Provincial land use plans apply in the Rural System outside the white belt
- The policies of those plans apply in addition to the policies of the Regional and local plans
