

ENABLE	Overall Progress	Summary Statement		
<p><b>Build Capacity</b></p> <p><b>Invest</b></p> <p><b>Monitor and Report</b></p>		<ul style="list-style-type: none"> <li>The Region of Peel 's capacity to adapt to and mitigate the effects of climate change is progressing but needs continued traction.</li> <li>Notable progress includes initiated Energy and Emissions Management Plans for Water, Wastewater, and Peel Housing Corporation.</li> </ul>		
<b>Consequences</b>	If actions don't progress as planned, the Region risks not meeting its 2030 outcomes of planning investments for climate change work and embedding climate change into decision making.			
<b>Opportunities</b>	The Climate Change Financing Strategy must be developed and the scope of work for the Climate Change Engagement Strategy needs to be implemented.			
Expected Outputs		S	Key Accomplishments	CR
<b>BUILD CAPACITY:</b> Climate change is considered in all decision-making through organization-wide climate literacy, planning, and accountability.				
<b>ACTION:</b> Develop service area climate change operational plans				
Identify responsibilities, timelines, and resource requirements	■	<ul style="list-style-type: none"> <li>Energy and Emissions Management Plans for Water, Wastewater, and Peel Housing Corporation in progress</li> </ul>		💬
Develop operational plans that will guide CCMP	■			
<b>ACTION:</b> Provide tools that enable integration of climate change priorities into decision making				
Develop set of future scenarios	■	<ul style="list-style-type: none"> <li>Water and wastewater risk assessment pilot produced several climate change projections and risk scenarios</li> </ul>		💬
Prepare guide for the integration of climate change into business plans, standards, and guidelines	■			
<b>ACTION:</b> Communicate the need for and benefits of climate action				
Develop and implement an engagement strategy for key audiences	■	<ul style="list-style-type: none"> <li>Climate Change Engagement Strategy scope of work developed</li> <li>Post weather event engagement plan developed</li> <li>Public health vulnerability assessment (see Be Prepared)</li> </ul>		💬
Further inform discussions on climate change	■			
<b>ACTION:</b> Stimulate innovative approaches to address climate change				
Communicate and incentivize evidence based best practices	■	<ul style="list-style-type: none"> <li>Urban Forest Best Practice Guide initiated (See Be prepared)</li> <li>IESO Embedded Energy Manager Program</li> </ul>		💬
<b>INVEST:</b> Innovative and sustainable approaches are used to finance action on climate change				
<b>ACTION:</b> Complete a climate change financing Strategy				
Develop framework for how actions of the CCMP are budgeted into long term capital planning	■	<ul style="list-style-type: none"> <li>Climate change risk assessment software tool selection &amp; SOP development</li> <li>External funding sought and obtained (IESO energy management program, NRCan funding)</li> </ul>		\$
Consider innovative financing tools	■			
Consider external funding	■			
<b>MONITOR and REPORT:</b> Progress on addressing Regionally funded climate change work is consistently reported, available, and widely understood				
<b>ACTION:</b> Report annually on CCMP implementation				
Provide status report on progress toward outcomes	■	<ul style="list-style-type: none"> <li>Annual progress report completed</li> </ul>		💬
<b>ACTION:</b> Develop a corporate climate change resiliency performance report				
Report on how the Region is performing relative to the climate change resiliency scorecard	■	<ul style="list-style-type: none"> <li>Collaborated with Partners to develop framework to report performance on climate change</li> </ul>		💬
<b>ACTION:</b> Develop an annual climate-related financial disclosure report				
Publish an annual comprehensive report on the Region's response to climate change	■			💬
<b>ACTION:</b> Complete periodic scientific reviews				
Review climate science and implications for the Region	■	<ul style="list-style-type: none"> <li>Corporate and community GHG inventory completed.</li> <li>Risk assessments in progress</li> </ul>		💬
