WHEREAS, these significant Provincial changes include:

- reduced density targets in new greenfield development from 80 persons and jobs per hectare to 50 persons and jobs per hectare;
- reduced intensification targets from 60% beyond 2031 to 50%;
- setting minimum population and employment growth forecasts that can be exceeded, subject to Provincial approval;
- extended the planning horizon from 2041 to the year 2051;
- introduced market demand as a consideration in determining the housing mix; and,
- revisions to how municipalities fund growth;

WHEREAS, these Provincial changes signal an abrupt shift from the emphasis on creating compact and complete communities to a planning regime that facilitates lower density and car dependent communities;

WHEREAS, the City of Hamilton has declared a climate change emergency and must consider the role of land use planning in their strategies to reduce their greenhouse gas emissions;

WHEREAS, these Provincial changes create pressure to convert more class 1, 2 and 3 farmlands in Hamilton to urban uses than would otherwise be necessary, which is contrary to Hamilton's Official Plan;

WHEREAS, ensuring that Ontarians have access to healthy safe food in the future requires thoughtful consideration of the long-term impact of converting thousands of acres of prime agricultural lands in the Hamilton area to urban uses;

WHEREAS, the change of the planning horizon to 2051, by the Province, means that future municipal councils and the public will have little power to change decisions where they will grow after 2031 to the 2051 planning horizon;

WHEREAS, in the rural areas, internet service is often poor or non-existent, making it difficult for rural residents to engage in virtual public consultations;
