CAUTION: EXTERNAL MAIL. DO NOT CLICK ON LINKS OR OPEN ATTACHMENTS YOU DO NOT TRUST.

Farms feed people. Highways do not.

Use a lane of the less utilized 407 if necessary. Do not destroy our farms and our communities.

Trees take carbon dioxide from the air.

What do you not understand.?

I do not need to write lengthy letters or show you the environmental damage, you should be able to follow the science + cancel this poorly planned short sighted project.

Sincerely,

Mari-Anne Tate
