Dear Regional Chair Iannicca:

Thank you for your municipality's time and support on the matter of fare and service integration during Metrolinx's Regional Roundtable discussion on February 17 and the first sitting of our newly established Provincial-Municipal Table on February 18.

We appreciate the early participation of your officials copied in this letter. Their knowledge and experience are crucial to our shared vision of achieving a more equitable and integrated regional public transit network across the Greater Toronto and Hamilton Area.

I recognize that fare and service integration is a challenging task. I understand that we will face obstacles ahead – those that have stalled work in the past – but we also recognize that this moment presents us with a unique opportunity. The province is committed to ensuring that the results of our Table's valuable discussions define our strategy and that we meet our target deadlines.

The early work now underway will be key to our shared success. Once again, I thank you and your staff for your continued support of your transit officials and agencies in these early and invaluable discussions.

Sincerely,

Kinga Surma  
Associate Minister of Transportation (GTA)
