

FOR OFFICE USE ONLY

MEETING DATE YYYY/MM/DD 2021/06/24	MEETING NAME Regional Council
--	---

Attention: Regional Clerk
Regional Municipality of Peel
10 Peel Centre Drive, Suite A
Brampton, ON L6T 4B9
Phone: 905-791-7800 ext. 4582
E-mail: council@peelregion.ca

DATE SUBMITTED YYYY/MM/DD 2021/06/16
--

NAME OF INDIVIDUAL(S) Robin Manson-Hing (speaking), Evgenia Karakehayova
--

POSITION(S)/TITLE(S) n/a

NAME OF ORGANIZATION(S) n/a

E-MAIL [REDACTED]	TELEPHONE NUMBER [REDACTED]	EXTENSION
-----------------------------	---------------------------------------	-----------

REASON(S) FOR DELEGATION REQUEST (SUBJECT MATTER TO BE DISCUSSED) We represent a number of Peel and adjacent region residents who want to see Peel Region increase the minimum age for consenting to a COVID-19 vaccine to 14 years old. This is in-line with the minimum age limit Peel Region uses for meningococcal and Hepatitis B as well as the age of consent used for COVID-19 vaccines in other regions such as Montreal and York Region. Currently, parental consent for COVID vaccines is only required for ages 11 and under .
--

A formal presentation will accompany my delegation <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Presentation format: <input checked="" type="checkbox"/> PowerPoint File (.ppt) <input type="checkbox"/> Adobe File or Equivalent (.pdf) <input type="checkbox"/> Picture File (.jpg) <input type="checkbox"/> Video File (.avi,.mpg) <input type="checkbox"/> Other <input type="text"/> Additional printed information/materials will be distributed with my delegation : <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Attached

Note: Delegates are requested to provide an electronic copy of all background material / presentations to the Clerk's Division at least ten (10) business days prior to the meeting date so that it can be included with the agenda package. In accordance with Procedure By-law 56-2019, as amended, delegates appearing before <u>Regional Council</u> or <u>Committee</u> are requested to limit their remarks to 5 minutes and 10 minutes respectively (approximately 5/10 slides). Delegates should make every effort to ensure their presentation material is prepared in an accessible format . Once the above information is received in the Clerk's Division, you will be contacted by Legislative Services staff to confirm your placement on the appropriate agenda.

<p align="center">Notice with Respect to the Collection of Personal Information (Municipal Freedom of Information and Protection of Privacy Act)</p> <p>Personal information contained on this form is authorized under Section 5.4 of the Region of Peel Procedure By-law 56-2019, as amended, for the purpose of contacting individuals and/or organizations requesting an opportunity to appear as a delegation before Regional Council or a Committee of Council. The Delegation Request Form will be published in its entirety with the public agenda. The Procedure By-law is a requirement of Section 238(2) of the <i>Municipal Act, 2001</i>, as amended. Please note that all meetings are open to the public except where permitted to be closed to the public under legislated authority. All Regional Council meetings are audio broadcast via the internet and will be posted and available for viewing subsequent to those meetings. Questions about collection may be directed to the Manager of Legislative Services, 10 Peel Centre Drive, Suite A, 5th floor, Brampton, ON L6T 4B9, (905) 791-7800 ext. 4462.</p>

Please save the form to your personal device, then complete and submit via email attachment to council@peelregion.ca

**Objective: Increase the Minimum Age for
Consenting to a COVID-19 Vaccine to 14**

Submitted June 16, 2021, for the Peel Regional Council Meeting

Asking the
Province to
Reconsider is
not Necessary

June 10th Resolution Number 2021-613

“...Therefore, be it resolved, that members of Peel Regional Council request that the Government of Ontario reconsider its position on an expansion of COVID-19 vaccine eligibility to children as young as twelve (12) years of age; and further, that the provincial government be requested to require that parental / legal guardian consent be required prior to vaccination of all children up to the age of sixteen (16) years of age within the Province of Ontario.”

Resolution Lost 2-17

Thank you for your interest in submitting petitions to Peel Regional Council.

Please note that the actions requested in your three petitions are not primarily within the powers of local public health (Peel Public Health) /regional government (Region of Peel). For example, we do not have authority in regards to the public meetings held by a school board in Peel. Further, the validity of consent to treatment by a minor and the matter of exemptions from mandatory immunizations are governed by Provincial legislation (the Health Care Consent Act, 1996 and the Immunization of School Pupils Act respectively).

Thank you again for your interest in the petition process. You may wish to reach out directly to the appropriate parties (e.g., school board, provincial government) to request action on these specific matters. -

Peel Public Health

We Were Also Under the Impression that
Parental Consent was Governed by the
Province as per Peel Public Health

Source: Email
communication with Peel
Region on June 4th, 2021

However, After we noted York Region's 14+ Age of Consent, Peel Stated they did Indeed make the Decision to Defer to the Province

Regarding consent for ages 12 to 17, the Region of Peel has decided to rely upon the Provincial legislation (i.e. the *Health Care Consent Act, 1996*). Please note that the decision to vaccinate remains voluntary. Your request for documents related to the Region's decision can be requested via a Freedom of Information request as legislated under the *Municipal Freedom of Information and Protection of Privacy Act*.

Further information can be found here: [Access to Information - Region of Peel \(peelregion.ca\)](https://www.peelregion.ca/access-to-information/)

Regarding consent for 5 year old children, as you will know such COVID-19 vaccinations are not now being administered and we are not able to share any information about the potential future administration of such vaccinations at this time. Your primary care provider will be the appropriate person to discuss specific health concerns about your son.

The Regional Solicitor has provided input into this response and no additional response to this will be forthcoming from his office.

Dr. Loh's reason of vaccinating as much of the population as we can is not good enough. **Steps to take involving the health of our kids is a parent's decision**

"VAERS show that in the 30-day window following dose 2 mRNA COVID-19 vaccination, there was a higher number of observed than expected myocarditis / pericarditis cases in 16-24-year-olds. The CDC will hold an "emergency meeting" on heart inflammation after COVID-19 vaccines on June 23 and 25."

Source Above Quote: CDC; Right: Facebook Post from Portia Hoffman-Strang at Pembroke, ON Hospital

A lack of parental consent / coercion in Peel could lead to excess, unnecessary harm to our kids

7.5-7

It's been 3 days now, of traumatic hell and regret.

I'm sharing this because I'm sick of the lies from our local health unit.

Here are the facts.

-My son is 12, he is healthy with no underlying health conditions. (and wanted to get the vaccine before me to show me how it's done, as he's not nervous and had many vaccines and bloodwork done in the past)

- 60 seconds after his vaccine he dropped and was knocked unconscious for minutes. (and now is suffering from a grade 3 concussion)

- We rushed to ER, and the nurses and doctors were more then amazing and no one once said why all this happend because NO ONE KNOWS, was it the vaccine or was it just a vasovagal attack, and what caused it? We don't have answers yet. I don't know if we ever will.

How is it ok for the health unit to be telling people in our local community that the vaccine had nothing to do with this. . How? Doctors don't even know so what makes it ok for you to to lie and tell our community otherwise.

ITS NOT OK!!! So stop telling our community this is normal. This is NOT normal. Watching this happen to your child, being complete y helpless. I don't wish this upon anyone. And I hope no mother ever has to witness this happening to their child.

Peel's Language is
also Leaving the
Door Open to
Lower the Age of
Consent for
Vaccinations /
Coercion

“There is no minimum legal age to consent to medical treatment in Ontario, and in the nature of medical practice, this is in respect of an individual's own body as opposed to some other activities that an individual may engage in.”

- Lawrence Loh, May 27 speaking at the Peel Regional Council Meeting in Q&A with Councillor Karen Ras

Pfizer plans to submit emergency-use authorization requests in September, with one covering children 2 to 5 years old and a second applying to ages 5 to 11.

Pfizer is conducting pediatric studies to determine the safety and benefits of administering its COVID-19 vaccine to children as young as 6 months.

The company plans to submit two new emergency use authorization requests in September, with one request covering children from 2 to 5 years old and a second applying to ages 5 to 11.

A separate batch of results and a possible request, for children who are from 6 months to 2 years old, are expected in November.

Will Peel let Toddlers Consent to a COVID Vaccine in October?

- Pfizer is tracking to submit EUA requests for ages 2+ in September.
- Health Canada Approval for ages 12 to 16 took less than 3 weeks after submission for approval from Pfizer
- The Regional Solicitor has refused to provide guidance

12 Years Old is Too Young

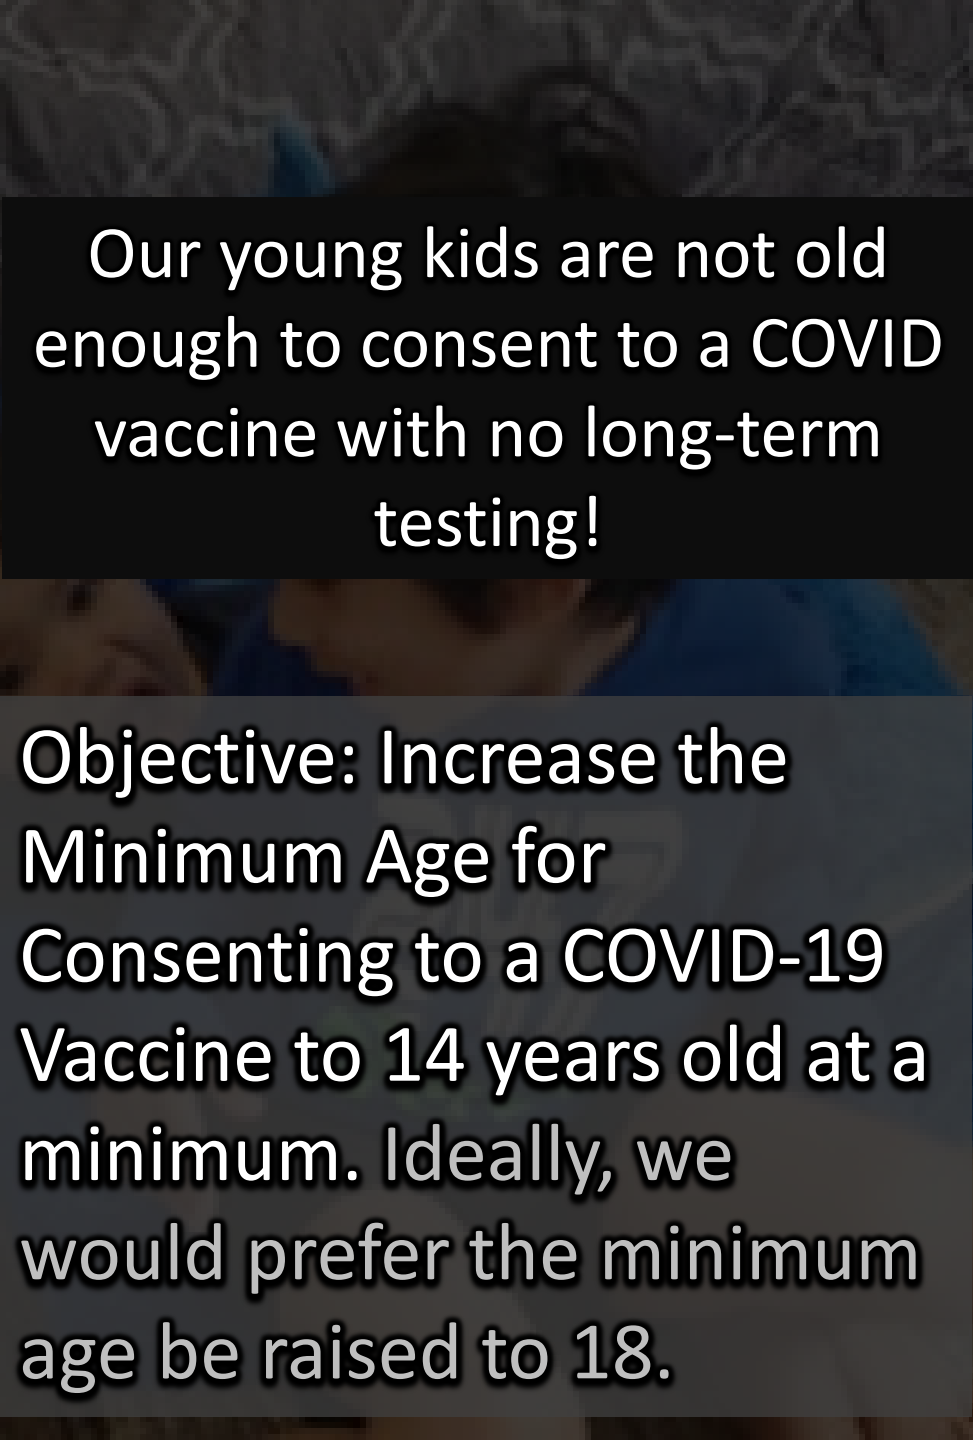

Peel Region Vaccines	No Parental Consent
Meningococcal	Ages 14+
Hepatitis B	Ages 14+
Human Papillomavirus (HPV)	Ages 14+
COVID-19 vaccine – Manufactures are protected from legal liability from their approved via interim order only	Guidance thus far of no minimum age

Source: <https://www.peelregion.ca/immunize/grade7.asp>

7.5-10

Region	No Parental Consent
Metro Vancouver, B.C.	Vaccinations for kids at community clinics, not at schools or trips from school
Peel Region, Ontario	No minimum age of consent, no guidance
Montreal, Quebec	Ages 14+
Calgary, Alberta	Ages 18+
New York, California, Florida	Ages 18+
London, England	Ages 16+
Queensland, Australia	Ages 15+

Source: Various Sources available upon request

Our young kids are not old enough to consent to a COVID vaccine with no long-term testing!

Objective: Increase the Minimum Age for Consenting to a COVID-19 Vaccine to 14 years old at a minimum. Ideally, we would prefer the minimum age be raised to 18.

Questions for Councilors:

1. What was the risk/reward studies and decision-making process behind allowing a 12-year-old to consent to take a vaccine authorized via interim order with an estimated study completion date not expected until 2023?
2. If no risk/reward study was done, why decide to rely on a Health Care Consent Act, 1996 that was written at a time when there was no pandemic and no emergency approved vaccines? Most provinces used their discretion and have not left the door open to potentially have a toddler consent to taking a vaccine authorized via interim order.
3. Will Peel region ensure schools do not discriminate against children or coerce those whose families decide the reward of vaccines authorized via interim order are not worth the long-term risk? This includes understanding the mental health implications of mask discrimination and the coercion this will lead to, not having doctors blocked from providing mask exemptions and having consistent social distancing measures no matter a child's vaccination status.
