Subject: Re: Representation of Caledon on Regional Council/Regional By-laws 84-2020 and 85-2020

Ms. Jones, I have read theses motions and they do not provide any details whatsoever with respect to Caledon's concerns with respect to representation on regional Council and the loss of two Caledon representatives effective in 2022. The motions do not capture any of the concerns/remarks/comments/suggestions at Regional Council on December 17, 2020.

This is entirely unacceptable given the importance of this matter. As a citizen of Bolton since 1975, I am shocked that an elected body would produce such a farce that covers up the manipulation that has gone on up to this point on the matter of Caledon's representation on the Region of Peel Council. This specific comment reflects my opinion.

Each motion is really giving to Regional Council a blank cheque to do whatever the majority wants, totally ignoring the interests of the minority, namely the Town of Caledon's Regional councillors. In my opinion, Region of Peel Council has major problems related to governance which this matter clearly indicates. Such mismanagement should be taken up at the Provincial level by the Town of Caledon. I am copying Caledon representatives on such a proposed action via this note.

I am also requesting that this correspondence be immediately posted on the Region's website and as well to be part of the package of documents circulated/posted with the minutes of this meeting, held on December 17, 2020
