

Motion

Agenda Number: 22.2
Date: November 11, 2021

Moved by Councillor Dhillon
Seconded by Councillor Brown

Whereas a request has been received from several Brampton residents for the replacement of existing privately-owned noise walls abutting Mayfield Road that protect backyards of properties along various local roads including Royal Links Circle, Carmel Crescent, Citadel Crescent, Maisonneuve Boulevard and Laurentide Crescent;

And whereas, these private noise walls qualify for replacement as part of the Region of Peel's Private Noise Wall Conversion Program which was endorsed by Council under Resolution 2015-663 to convert private noise walls backing or siding onto Regional roads;

And whereas, residents have expressed their frustration regarding noise levels which has limited the use of their outdoor living areas;

Therefore be it resolved, that Regional Council support the replacement of these noise wall sections with an overall length of approximately 562 metres for the following 34 properties with back-yards or front-yards facing, backing, or siding onto Mayfield Road including in some areas, where a noisewall does not currently exist:

- Five properties on Royal Links Circle: 25, 27, 29, 42, 56
- Seven properties on Carmel Crescent: 30, 32, 34, 36, 38, 40, 42
- Seven properties on Citadel Crescent: 28, 30, 32, 34, 36, 38, 40
- One property on Maisonneuve Boulevard: 2
- Fourteen properties on Laurentide Crescent: 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58

And further, that the replacement of the noise walls at the 34 locations noted above be added to the 2022 Capital Budget as an addition to the existing Private Noise Wall Conversion Program.
