OFFICE OF THE REGIONAL CLERK

**Re: Region of Peel Chair Role**

At the November 18, 2021 Region of Peel Council meeting, discussion took place with respect to introducing a bylaw that would transition the full-time role of Regional Chair to that of a part-time position. This, to be effective for the 2022-2026 term of council.

Notification of this meeting was made to the public via general circulation through local news media. This, in simple accordance with the Municipal Act that assumes this traditional style of outreach continues to be both sufficient and effective in meeting their communication obligation.

As ratepayer and resident associations located in Mississauga and affiliated with the City of Mississauga, we challenge the lack of fulsome transparency that resulted from this form of communication.

While the proposed composition of this important role is actively under discussion at Council, community awareness surrounding the benefits versus drawbacks, is lacking.

On behalf of our membership, we respectfully request that a more active manner of communication be employed including zoom call meetings / information sessions that will better inform the thousands of residents this type of move will impact.

Thank you for your consideration.
