

**APPROVED AT REGIONAL COUNCIL**  
**January 13, 2022**

**22. NOTICE OF MOTION/MOTION**

- \*22.1. Motion Regarding Residential Waste Collection Provisions During the Suspension of the January 2022 Residential Waste Exemption Period  
**(As requested by Councillor Saito)**

Deferred to the January 27, 2022 Regional Council meeting.

## Motion

**Agenda Number:** 22.1

**Date:** January 27, 2022

---

**Moved by** Councillor Saito

**Seconded by** Councillor Dasko

Whereas the January 2022 residential waste exemption period has been suspended due to rising COVID-19 cases and to reduce health and safety risks to the collection workers;

And whereas, some residents have been asking for the reinstatement of the two additional bags of waste as part of the bi-weekly residential waste collection, without the requirement of purchasing bag tags;

Therefore be it resolved, that residents be permitted to set out two additional bags of waste, to be collected as part of the bi-weekly residential waste collection, without the requirement of purchasing bag tags during the four-week period from February 7 to March 4, 2022;

And further, that staff develop and implement a communications campaign using regular communications channels to inform residents that two additional bags of waste will be collected as part of the bi-weekly residential waste collection, without the requirement of purchasing bag tags during the four-week period from February 7 to March 4, 2022;

And further, that the Commissioner of Public Works be authorized to discontinue the collection of two additional bags of waste as part of the bi-weekly residential waste collection, without the requirement of purchasing bag tags before March 4, 2022 if deemed necessary due to critical service requirements related to COVID-19 cases.
