Regional Council Resolution on Mental Health

Region of Peel
Working with you

“ Therefore be it resolved, that the Region of Peel commits, through collaboration and in the spirit of mutual respect between all involved agencies including Peel Regional Police, community safety and mental health agencies, and the Community Safety and Well-Being Tables, to report back to Regional Council with:

- 1) A plan to increase the number of MCRRT units in Peel; and,
- 2) Improvements to the delivery model, including making mental health workers the lead, or at the very least, an equal partner during a joint police and mental health response to a mental health crisis situation, when appropriate;

And further, that the Region of Peel advocate to the provincial government for changes to the Mental Health Act that would allow for mental health services to have authority to intervene and act as leaders in mental health crisis situations, when appropriate;

And further, that the Region of Peel advocate to the provincial government for the redeploying of resources saved from reducing reliance on policing to address mental health to MCRRT and other crisis supports or support new resourcing and funding for MCRRT units alongside other crisis measures. ”
