Subject: Stop making status quo 1970s decisions in 2022

Dear Councillors, Mayors and clerk.

Peel's plan to open up **10,000 acres (!)** to development is irresponsible and dangerous and obviously shows that either developers own council or that council is not paying attention to the major issues of the day.

- Food security issues -Save farmland
- Climate emergency -Save farmland, wetlands and carbon sinks
- Building actually affordable housing IN existing towns and cities. - Housing on farmland is NOT affordable
- Downloading the cost of Sprawl to resident taxpayers. - Sprawl never pays for itself.
- Building walkable communities with jobs and amenities close by - Save farmland and plan better

REFERRAL TO _____

RECOMMENDED _____

DIRECTION REQUIRED _____

RECEIPT RECOMMENDED ☒ _____

I could go on and on about the risks of sprawl. Be brave and make a stand. Once it's rezoned it's gone forever and we and especially our children will live to regret it.

For their sakes,

Vote no urban boundary expansion

Thank you
Nancy Hurst
