Dear Nando Iannicca:

Thank you for your kind wishes on my re-election and appointment to Ontario's Cabinet.

As the Associate Minister of Transportation, I will continue working alongside Minister Caroline Mulroney to deliver key transit and transportation infrastructure priorities for the people of Ontario.

It is more important than ever to be focused on advancing and building relationships with our partners to ensure Ontario has an accessible transportation system. Under Premier Ford's leadership, we have a plan to connect communities, reduce gridlock, and get goods to market sooner.

Please accept my sincere thanks for your continued support.

Regards,

Dear Minister Cho:

On behalf of the Region of Peel, I congratulate you on your appointment as Associate Minister of Transportation. We look forward to a positive and constructive relationship with you to address key issues impacting communities in Peel and across the province. Strong relationships between our levels of government have never been more important as we continue moving cautiously into the recovery phase of the pandemic.

With forecasted growth expected to result in approximately 2.3 million people and 1 million jobs by 2051 in Peel, we look forward to continuing our work with the Ministry of Transportation to develop a sustainable and integrated transportation system to help meet the Region's long-term transportation needs. We appreciate commitments by the Province to advance these shared priorities, including funding for key transit projects included in this year's budget and the recently released *Transportation Plan for the Greater Golden Horseshoe*.

However, the full potential of provincial investments, intended to support Peel's growth, cannot be fully realized if lost productivity and limited mobility, resulting from congestion, is not adequately addressed. We look forward to discussing this, and the many other ways our respective levels of government can work together on shared priorities, at next month's AMO Conference.

As we move further into the recovery phase of the COVID-19 pandemic, we will need to work in lockstep to be successful. Municipal governments know the local needs and concerns of our communities and the Region looks forward to partnering with you on the challenges and opportunities ahead.

Congratulations once again and I wish you much success in this portfolio. Please feel free to contact me at 905-791-7800 x4310. It would be a pleasure to hear from you.

Kindest personal regards,

Nando Iannicca
Regional Chair and Chief Executive Officer
