Subject: Ontario Health Funding
Receipt for Long Term Care

Chair Iannicca and Members of Regional Council,

The Ministry of Long-Term Care announced a new provincial investment for the fiscal year 2022-23 through a Local Priorities Fund at the beginning of this year. This funding is intended to enable better flow for Long Term Care (LTC) admissions and prevent unnecessary hospitalization by covering the cost for specialized staffing, equipment, and services to:

- enable the admission of older adults in the community with specialized needs into LTC;
- support current LTC residents with new, or increasingly complex medical conditions or specialized equipment needs to receive comprehensive care and treatment within their LTC home rather than being transferred to hospital; and
- support the timely admission of eligible high needs patients designated as alternate level of care (ALC) to LTC.

Each of the Regional homes submitted a proposal through Ontario Health before the deadline of January 16, 2023 and all five proposals were approved on February 14, 2023.

The amounts of funding received per home are indicated below:

Home	Amount received
Tall Pines	\$109,884
Davis Centre	\$93,785
Malton Village	\$94,784
Peel Manor	\$110,784
Sheridan Villa	\$110,685
Total	\$519,922

This memo is provided to inform Members of Council that the funding received must be utilized by March 31, 2023 and any unspent funds must be returned.
