City of Brampton

Market Basket Measure (MBM) Maps for Brampton, Caledon, and Mississauga

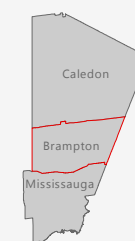

Legend

Poverty rate (Market Basket Measure)

The Market Basket Measure (MBM) refers to Canada's official measure of poverty based on the cost of a specific basket of goods and services representing a modest, basic standard of living. When the disposable income for the MBM of an economic family or a person not in economic family falls below the threshold applicable to the family or the person, the person or every member in the case of an economic family is considered to be in poverty according to MBM.

Classification Method: Natural Breaks organizes the data based on natural groupings inherent in the data, picking the class breaks that best group similar values and maximize the differences between classes. Data is displayed by Census Tract (CT).
