

Appendix II

Response to Planning Statute Law Amendment Act, 2023 – Reversal of Provincial Decisions on Municipal Official Plans

Provincial Modifications Table with Housekeeping and Clarification Recommendations

Rows without any highlights are requested to be reverted back to the April 28, 2022 Council adopted version of the Region of Peel Official Plan (RPOP).

Rows highlighted in grey (3, 16, 17, 18, 21, 30, 41, 42, 43) are subject to draft Bill 150, *Official Plan Adjustments Act, 2023*, which proposes that nine of the 44 Minister modifications made as part of approving the RPOP remain as Provincially modified. Two of these (30, 41) were modifications requested by Peel staff through the Provincial review process. The Province has noted that these are being maintained to:

- address potential conflicts with legislation/regulations;
- reverse decisions that would contravene existing provincial legislation and regulations (e.g. protecting the Highway 413 corridor);
- address matters of public health and safety (e.g. safe drinking water); or
- protect the Greenbelt.

Rows highlighted in yellow (1, 2, 4, 15, 28ab, 29) are six modifications that were requested by Peel staff through the Provincial review process for housekeeping or clarification purposes.

Rows highlighted in green (5, 22, 23, 24, 25, 26, 44) are seven Provincially-led modifications made through the Provincial review process for housekeeping or clarification purposes.

NOTE: Any changes in yellow or green can also be addressed through an official plan housekeeping amendment should the Province choose to revert back all modifications to the Council adopted April 28, 2022 version of the RPOP.

* Refer to “Appendix I – Notice of Decision with 44 Provincial Modifications” for Provincial modifications and mapping made on November 2, 2022.
