

Motion

Agenda Number: 11.3

Date: December 4, 2025

Moved by Councillor Butt

Seconded by Councillor Dasko

Whereas on July 10, 2025, Regional Council passed a motion (*Council Resolution 2025-566*) to find 2 per cent budget savings in the 2026 Peel Region Budget, with the goal of decreasing the 2026 Budget to reduce the property tax impact for Peel taxpayers;

And whereas, in Regional Council Budget Agenda report *8.1 2026 Operating and Capital Budget*, staff have included information on the inclusion of cost savings incorporated into the 2026 Budget (Appendix VI), and additional cost containment options for Council's consideration to reach the 2 per cent cost savings (Appendix VII);

Therefore be it resolved, that the following additional cost containment measures, included in Appendix VII of the aforementioned report, be removed from the proposed 2026 Peel Region Budget, to reduce the property tax impact for Peel taxpayers:

1. Item number 2.12 Removal of Environment Day; and
2. Item number 2.13 Eliminate extended CRC hours for the months of September and October; and
3. Item number 2.14 Eliminate special events recycling and organics management.
