Dear Secretary of State Sahota,

On behalf of Peel Regional Council and staff, congratulations on your recent re-election and your well-deserved appointment as Secretary of State (Combatting Crime). We appreciate your dedication to public service and look forward to continuing our productive working relationship with you and your staff.

Peel Region also remains committed to working with your federal colleagues to safeguard critical frontline services for residents. While current economic uncertainties pose challenges, it also underscores the critical need for federal-municipal collaboration to address shared priorities, including housing affordability, economic resilience, climate change and public safety.

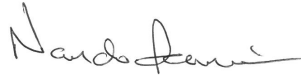

Businesses, newcomers and families are drawn to Peel communities for our diversity and thriving local economy. However, confronting emerging and pressing issues, including the repercussions of U.S. tariffs to challenges related to asylum claimants and homelessness will require cohesive, all-levels-of-government partnership. Federal support is critical to fulfilling Peel Region's vision of a *Community for Life*.

Similar to other high-growth communities across Canada, Peel is also not without its challenges. Peel Region has been proactive and diligent in our ongoing response to intimate partner violence, human trafficking and auto theft. Residents expect their elected representatives to work together to combat these, and other crimes, and as you settle into your new role, you have our assurance Peel shares your commitment to safeguarding public safety.

I look forward to engaging with you on these urgent priorities moving forward to advance the interests of Peel. By working together, all levels of government can address urgent emerging challenges and create a more inclusive, prosperous, and sustainable future for Peel residents and all Canadians nation-wide.

Once again, congratulations on your re-election and I wish you all the best during the upcoming mandate. Please feel free to contact me at 905-791-7800 x4310. It would be a pleasure to hear from you.

Kindest personal regards,

Nando Iannicca
