Dear Bonnie Crombie & Stephen VanOfwegen,

During this period when hundreds of thousands of businesses have closed down and millions of people are jobless then why are you increasing the property tax plus other fees by 3.2% for 2021 which is very high. Every day there are thousands of new COVID-19 Virus plus other Variant Virus cases and almost 90 to 100 deaths. Vaccines are not available to vaccinate even the health care workers and there is a big doubt when the other people can be vaccinated. Most of the persons are sitting at home due to lockdown and there are no sources of income. Instead of helping you are creating more stress on the people. Keeping this in mind Markham Council has put a freeze on any property tax and other fees increase for 2021. Likewise why you cannot put a freeze on the property taxes and other user fees for this year.
